Dear Mayor & Council,

In 2016, The Chase & District Chamber of Commerce hosted the 1st Annual Shuswap Experience Trade Show at the Art Holding Memorial Arena in Chase, BC. The Chase & District Chamber of Commerce surpassed goals made for the 1st Annual Trade Show and it is because of businesses like you that this event was such a great success. The Chase & District Chamber of Commerce is excited to announce that we will be hosting the **2nd Annual Shuswap Experience Trade Show** on Saturday May 6th, from 9am - 3pm at the Art Holding Memorial Arena in Chase, BC. The tradeshow will provide you a platform to reach new customers, connect with existing clients, network with other businesses, and further establish your presence in Chase and the Shuswap region.

Sponsorship Opportunity

The primary source of funding for the Shuswap Experience Trade Show is from sponsors, and we invite you to partner with us once again for our 2nd Annual Trade Show to help ensure the success of the event. The funds provided will be used to strengthen and grow our membership, support economic development initiatives, promote our community, provide valuable support, tools and programs for our members, and ensure effective and efficient operations of our Visitor Center.

The Platinum Sponsorship Package is only offered to 2 businesses/organizations in the Village of Chase. We have lowered the price this year and added some extra benefits, we hope that the Village of Chase will be interested in the Platinum Sponsorship Package again.

RESOLUTION TO THE
Southern Interior Local Government Association
(SILGA)

B.C. Ambulance Service

Village of Cache Creek

WHEREAS the BC Ambulance Service provides emergency response in rural areas to those who experience serious trauma accidents or life threatening medical emergencies, and

WHEREAS most rural ambulance stations are staffed with paramedics trained to the Emergency Medical Responder or Primary Care Paramedic levels, and

WHEREAS most of the better trained Advanced Care Paramedics and Critical Care Paramedics are stationed in larger urban centers whose residents benefit from tertiary care facilities within relative proximity compared to rural residents' health facilities,

NOW THEREFORE, be it resolved that the Provincial Government require the BC Ambulance Service to staff rural ambulance stations with much needed Advanced Care or Critical Care Paramedics whose skills and training are necessary for life support where tertiary care is often hours away rather than minutes away as it is in urban centers.
